FONTAINAVIE

Fontainavie Inner Balance New Generation

- Information Guide for FM World USA Business Partners

Welcome to our comprehensive guide on Fontainavie's Inner Balance supplement. This supplement is designed to help individuals achieve sustainable weight loss and overall well-being.

Ingredients and Their Descriptions

- **Vitamin B6:** Essential for nervous system health, synthesis of neurotransmitters like serotonin and dopamine, reduces anxiety and depression, and helps manage emotional hunger.
- **Rosa Centifolia Extract:** Rich in antioxidants, removes metabolic waste products, and maintains acid-base balance.
- **Nettle Extract:** A gentle diuretic, helps process and flush away toxins, prevents urinary tract infections, and reduces water retention.
- **Zinc:** Crucial for immune function, wound healing, and DNA synthesis, supports pH regulation.
- **Calcium:** Neutralizes excess acid, supports bone health, vascular function, muscle function, and nerve transmission.
- **Potassium:** Responsible for water balance of cells, acid-base balance in blood and tissues, supports nervous system function.
- **Magnesium:** Needed for over 300 biochemical reactions, maintains nerve and muscle function, adjusts blood glucose levels, and aids in energy production.
- **Iron:** Helps create energy from nutrients and carries oxygen to cells.
- **Lemon Balm Extract:** Promotes proper sleep and supports digestive health.
- **Collagen:** Reduces physical hunger, improves skin firmness, and reduces wrinkles.
- **Jasmine Extract:** Reduces heart rate, provides a calming effect, and improves sleep quality.

Benefits

- Restores and maintains acid-base balance
- Supports metabolic waste elimination
- Improves mood and nervous system balance
- Enhances sleep quality and reduces stress
- Promotes skin firmness and reduces wrinkles

Best For

The supplement contains sweetener

Sample Questions for Prospects

When engaging with potential customers, asking the right questions can help you understand their needs and position Fontainavie's Inner Balance supplement as the ideal solution. These questions are designed to highlight common health concerns that our product can address, making it easier for you to demonstrate their value and benefits. Here's a brief introduction and how these questions can aid in effective prospecting and selling.

1. Do you struggle with emotional eating or managing your appetite?

Purpose: Addressing emotional eating can resonate with many individuals. Emphasize how Vitamin B6 and collagen help manage hunger and promote a balanced appetite.

2. Are you looking for ways to eliminate toxins and improve your body's pH balance?

Purpose: This question is aimed at prospects concerned about detoxification and maintaining a healthy pH balance. Explain how ingredients like Rosa Centifolia Extract and nettle extract aid in detoxifying the body and balancing pH levels.

3. Do you have issues with water retention or frequent urinary tract infections?

Purpose: Identifying issues like water retention and UTIs can help you recommend Inner Balance for its diuretic and detoxifying properties, particularly noting the benefits of nettle extract.

4. Are you seeking better sleep quality and stress reduction?

Purpose: Sleep and stress are common health concerns. Highlight how lemon balm and jasmine extracts in Inner Balance support relaxation and improve sleep quality.

5. Are you looking to support and strengthen your nervous system?

Purpose: This question helps identify prospects interested in maintaining a healthy nervous system. Highlighting the benefits of Vitamin B6 and other ingredients that support nervous system health can show how Inner Balance can contribute to overall well-being.

By asking these questions, you not only gather valuable information about your prospects' health concerns but also create an opportunity to discuss how Fontainavie's Inner Balance New Generation can provide targeted solutions. This approach can lead to more meaningful conversations and successful sales.
